INDIRA'S VICTORY CERTAIN

Mysore, Oct. 20

Revenue Minister B. Basavalingappa expressed his confidence here today that Smt. Indira Gandhi would win the Chickmagalur by-election to the Lok Sabha against Sri Veerendra Patil, Janata Party candidate, by a margin of 2½ to 3 lakh votes.

Speaking to newsmen he said that the Congress (I) in the State was more united today, because those Congress (S) leaders who had opposed Congress (I) in the Lok Sabha elections, had extended their support to the party.

While the Janata Party had started the "Hate Indira" campaign once again, the Congress (I) had its six-year performance to place before the electorate in the constituency, he said.

Minister Warns Speech Inst. Staff

Mysore, Oct. 21

Sri Jagadambi Prasad Yadav, Union Minister of State for Health, sternly warned the staff and students of the All India Institute of Speech and Hearing yesterday that if they failed to give up their in-fights and intrigues, the Government would be forced to take drastic action against them.

Inaugurating the speech therapy and audiology block of the Institute, he said that the Institute was a prestigious one being the only one of its kind in the entire South-East Asia. The Government was spending as much as Rs 20 lakhs a year on the Institute and the amount spent on each student in the Institute was more than the amount spent on training a medical graduate.

It was unfortunate that in such an Institution there should be petty disputes, arguments and at times even intrigues, he regretted.

The staff and students, right from the Director to the lowest employee in the Institute, should dedicate themselves to the noble task of treating the persons suffering from speech and hearing defects, he said.

Sri K.P. Singh, Additional Secretary of the Health Ministry, who presided, supported the views of the Minister. Dr. P. R. Kulkarni, Director, welcomed the gathering. Sri Kushalraj, Student Secretary, read a report. Prof. Ramakrishna was honoured on the occasion. Dr. N. Rathna proposed a vote of thanks.

SC Teachers Harassed In Varsity

Complains MLA

Mysore, Oct. 24

Sri H. Gangadharan, MLA, has charged that the scheduled caste and tribe intellectuals in the Mysore University were being harassed by Vice-Chancellor D.V. Urs following the findings of the Venkataswami Committee.

In a statement yesterday, he said that among those who were harrased was Dr. C. Parvathamma, Head of the Sociology Department and a noted sociologist of the country. Ignoring her recommendations, an unmerited candidate had been appointed as temporary lecturer in socioal work. Other persons with merit who sought this post had been ignored to show "favouritism" on chosen person. Fallacious propoganda was also being made against her.

Sri Lingiah, who was working as a temporary lecturer in the Department of Ancient History and Archaeology during 1977 78 had not been reappointed. Similarly, Sri K. S Jayaramiah, a Budubuduke candidate, who had served as a lecturer for two years had not been reappointed in the Department of Botany. Instead a junior to him belonging to a major community had been posted.

Sri Gangadharan charged that these acts were being committed to cover up the injustices, corruption and mal-administration exposed by the Venkataswami report. He warned the Government, who, he said, were supporting such activities and the persons concerned, to desist from such activities in the best interest of the university. Sri Gangadharan is also reported to have raised the matter in the Senate on Oct. 21.

Mysore Varsity V-C Warned

[From Our Correspondent]

Bangalore, Oct. 24

Governor and Chancellor Govind Narain has conveyed his serious displeasure to Vice-Chancellor D. V. Urs for certain acts of omission and commission and has given him certain directions to be complied with by the end of December, failing which the Chancellor would be left with no option but to withdraw his pleasure under Sec. 11 (4) of the Karnataka State Universities Act.

According to a press release, the Governor has taken this action considering the report of Venkataswami who enquired into certain allegations concerning the affairs of the Mysore University and after perusal of the relevant records and written statements of the Vice-Chancellor, and also after giving him personal hearing.

It may be recalled here that there was enough uproar in the Legislature and the Government had said that it was for the Chancellor to take follow-up action on the report.

Perhaps this is the first time in the history of the Mysore University that the Chancellor has expressed his unhappiness over the functioning of a Vice-Chancellor openly.

Bismillah Khan Insulted

Sir,-It was really sad to see Ustad Bismillah Khan, the renowned Shahnai player, being insulted in Mysore Dasara Industrial and Cultural Exhibition on last Sunday.

People should not forget that he is first a classical musician, than a composer for film music. Those who cannot realise that should not come to his recitals.

And one request to the organisers of such functions - please engage some volunteers apart from police help, to take control over the audience. Ustab Bismillah Khan is a great musician of our country. To insult him means to insult one's own parents.

Enterprising Chess By Teenager

Mysore, Oct. 24

The Mysore DistrictOpen Chess Championships 1978 got off to a fine start on last Sunday with a very interesting match between the oldest and the youngest of the participants meeting each other in the first round.

Although 13-year-old N. K. Maduranath of the Demonstration School, lost the match, it was not before he gave some anxious moments to his more experienced opponent, 68-year-old Vittaldas Ramdas, seasoned campaigner for several years.

The ninth standard school boy played enterprising chess and in spite of being outplayed in terms of strategy and planning of his opponent, a retired Head Master, found out ingenious and resourceful continuations and dragged the game to a full length of 54 move lasting just over three hours.

The championships have attracted 32 entries and the list of aspirants include a lady also in Smt. Vijaya Vasantha Kumar, a former State player.

The championships were inaugurated by Sri V. Chikkavenkatappa, Assistant Director of Physical Education, Mysore University.

The championships are being conducted upto November 4 on a 7-round Swiss League in the premises of the University Gymnasium.

Varsity Changes Its Earlier Decision

Mysore, Oct. 25

The Mysore University Academic Council has stepped down from its earlier stand regarding the demands of under-graduate college students by agreeing to modify certain regulations.

Candidates successful at the third year examination will be classified according to I, II or III class as the case may be on the basis of marks scored by them in the third year examination. DEMOCRATIC SPIRIT IN GITA, GOVERNOR

Mysore, Oct. 27

The Bhagavad Gita was one of the most sublime of the world's philosophic and reglious creations, Governor Govind Narain said yesterday.

Inaugurating the 275th Geetha Gnana Yagna, under the auspices of Chinmaya Mission, he said that the Gita provided the most effective rebuttal of the misconceived charge, sometime made, that the religious consciousness of Hindusim was distinguished by a negative attitude towards the world.

The conception of devotion in Gita breathed the true democratic spirit of the perfect equality of all creatures before the love and majesty of God. In the path of devotion all people had equal access to the Lord. Even the sinner was not shut out of the grace of God, the Governor said.

Delivering the first of the discourse series on the ninth chapter of the Gita, Swami Chinmayanandaji said that his job was like that of a traffic constable, to guide the devotees towards the right direction.

Smt. Chandra Govind Narain lit the lamp to mark the inauguration of the Yagna. Sri A. Chinnaswamy Mudaliar welcomed the gathering. Sri H. N. Ramathirtha, President, Chinmaya Mission, spoke. Sri N. Narayana, Secretary, proposed a vote of thanks.

Closure Of Colleges Condemned

Mysore, Nov. 10

The Executive of Mysore University Teachers Association has condemned the closing of the colleges ahead of schedule by the university. This had meant serious loss of instructional time and tantamount to avoiding problems rather than solving them, it said.

It urged the Chancellor to institute an enquiry into alleged irregular admissions in post-graduate departments of Zoology, Lirbary Science, Commerce, MBA and others. It deplored the continued "illegalities" inspite of the findings of Venkataswami Committee.

Air Lets Him Down

Mysore, Nov. 13

Poor air conditions around Chamundi Hill let down the Italian gliding instructor, Pino Tartani, and the huge crowd who had come to witness the demonstration flight of the human bird.

A large number of lovers of modern aero sports had assembled on and around Chamundi Hill to witness Pino's demonstration. Pino took off from the peak of the hill but could remain just for about two minutes with his kite in the air.

Prople came in cars, buses and bicycles in large numbers from all directions. People were coming even after the demonstration was over. There was confusion also among the public regarding the place of demonstration.

Among those who were present were Deputy Commissioner S.R. Vijay, who had taken lot of pains to arrange the hang-gliding demonstration, Police Superintendent S.A. Subbiah and Bishop Rev. Fr. Fernandes.

Addressing a news conference this morning, Pino and Vijay thanked the public for coming in large numbers and expressed their regret that Pino could not fly for long. Pino said he would be coming to Mysore again in April to remain here for about two months and train boys enthusiastic in aero sports.

Next to Rio de Jeniro, he said Mysore was most suited for hang gliding as the Chamundi Hill had very good motorable roads.

READERS' FORUM

Royal Cremation Grounds

Sir, - Recently I visited the Royal "Rudra Bhoomi" on the Mysore-Ooty Road, when some foreigners were taking photographs. As the tombs had no names visible, I was asked to spell them out, which I did to the best of my knowledge.

Before leaving the place, one of them asked me : "Is this the way that Royal personages are remebered ?" Perhaps they must have been thinking of their own Westminster Abbey in London, where .Royal memories are so sacredly enshrined.

I appeal to the concerned authorities to keep watch and ward for the maintenance of the tombs and the gardens in a fitting manner. This is the least we could do to show our gratitude to those who held aloft the Mysore Flag and made Mysore a "Ramarajya", to use the words of Gandhiji.

If the Royal Rudra Vanam is revamped and the adjacent Madhuvanam is made into a beautiful park with avenue road abutted by sorrow trees as in Srirangapatna Gumbaz and Taj Mahal of Agra, I am sure it will become one of the best attractions to visitors.

Big Hike In Water Rates Proposed

Mysore, Nov. 16

The Karnataka Urban Water Supply and Drainage Board has contemplated the increase of water rates from the present 75 paise to Rs 2.50 per 1,000 gallons in Mysore City.

Disclosing this at a news conference, Board Chairman S. V. Agnihotri said that the Board was working out the details and would send the proposals to the Government soon for approval.

The Board had also requested the Government to supply power at a concession rate for water supply purposes and if it agreed the enhancement would be lowered, he said.

The enhancement, had been proposed in view of the 572-lakh third stage water supply scheme, now nearing completion, and increasing cost of maintenance and wages to workers, the Chairman said.

The third stage scheme would be completed by December 78 or the latest by the first week of January, 1979. When it was commissioned, the rate of water supply would be at 40 gallons per head, the national average. The scheme was envisaged to meet the growing needs of the city upto 2001 A.D.

Sri Agnihotri said the Board was submitting a Rs 350-lakh project for improving the city's distributory system, which would help in equitable distribution of water. A scheme for improving the under-ground drainage system in the city was under finalisation. The scheme was expected to cost Rs 800 lakhs.

Messrs P. L. Nanjundaswamy, Chief Engineer, S. K. Veerabhadrachari, Executive Engineer, S. V. Gowdappa, Superintendent, Vani Vilas Water Works, were also present.

Beware of Confidence Tricksters

Sir, - Confidence tricksters are on the increase these days and more and more people, especially womenfolk, are lured to become victims.

I wish to narrate an incident which took place in our house in V.V. Mohalla. A young boy posing himself as a casette tape seller walked into our house. He then wanted to demonstrate the tape in our tape recorder. While demonstrating the tape, he intelligently lifted a wrist watch and walked away with the same without catching our eye.

I hereby wish to warn all the readers to be watchful and not to become victims of this tricksters.

Mysore, Nov. 20

Cost audit reports act as a timely warning for taking remedial measures, Sri F.K. Irani, Managing Director, Ideal Jawa, said yesterday.

Inaugurating a one-day seminar on Sachar Committee report, under the auspices of the Mysore Chapter of Cost Accountants, he said that the Central Government had taken practical steps in liberalising a number of controls and these had aided speedier progress in the industrialisation of the country.

Sri V. Kalyanaraman, Member, Company Law Advisory Board, who presided, said that an international association of cost accountants would be formed with India, Pakistan and Bangla Desh as nucleus on Feb. 15, 1979, in Madras.

He said the Government of India had now recognised the need for having a separate cadre of cost accountants. He called upon the cost accountants to develop the required calibre and quality.

Sri A. V. S. Rao, Chairman, South India Regional Council, spoke. Mysore Chapter Chairman B.N.S. Rangachar welcomed the gathering. Sri Venkataram proposed a vote of thanks.

Licence For Vegetable Dealers

Mysore, Nov. 22

Regulations for the wholesale trade of vegetables would be introduced in the Devaraja Market by the Agricultural Produce Market Committee with effect from Dec 1, Committee Chairman Bhyrappa said today.

Speaking to newsmen, he said that from that day all wholesale traders, agents, stockists, exporters and importers of vegetables dealing in the market will have to obtain licence ranging from Rs 5 to Rs 50 in four categories.

In all, 14 items of vegetables would be brought under the regulations. They include beans, tomatoes, brinjals, potatoes, ladies finger, green chillies, onions, cucumbers, radish and greens.

Regarding opposition for bringing vegetables under the regulations by the market vendors, the Chairman said that they had sought time till Dec. 1. Bringing vegetables under the market regulations would help the growers. he claimed and said that at present intermediaries were taking away nearly 25 per cent of the profits.

Explaining the development works of the agricultural produce market, he said that out of Rs 30 lakh assistance given by the World Bank, so far Rs 28 lakhs had been spent on various schemes.

They proposed to have a separate wholesale market yard for vegetables, Sri Bhyrappa said. Replying to questions he said the City Corporotion was not collecting any licence fee from the vegetables vendors in the market, excepting the rent.

Milk Booth Near Latrine

Sir-, It might be surprising to inform your readers that a milk booth has been set up near Nallappa Thana Police Station on Narayana Sastry Road in Devaraja Mohalla by the side of a latrine of the adjacent house.

In fact, it is not a shop premises at all. Walls have been constructed on the two sides of the open verandah of the house and it has been converted into a shop. Bacteria and other poisonous germs enter into the milk booth through the window of the latrine spreading cholera, malaria and skin diseases to those who are using the milk from this shop.

This poor and unhygienic condition of the shop has been brought to the notice of the City Corporation Health authorities, but so far no action has been taken to close the booth. It is indeed surprising how a licence was granted to this shop.

Many people in the area have suffered from dysentry, cholera and other diseases by using the milk bought from this shop. The members in our family too recenlty suffered from malaria.

Under these circumstances, it is high time that the Corporation authorities take immediate action to close down the shop and prevent the frequent occurance of contagious diseases in the area I hope the Corporation Commissioner bestows his immediate attention.

JANATA RETAINS SAMASTIPUR SEAT

Tarakeswari Defeated by 27,000 Votes

Janata Party nominee, Prof. Ajit Kumar Mehta, has been declared elected in the prestigious by-election to the Lok Sabha from Samastipur defeating his nearest Congress (I) rival, Smt. Tarakeswari Sinha, by about 27,000 votes.

While Prof. Mehta polled 2,43,000 votes, his rival Smt. Sinha, secured 2,16,000 votes.

Sri Mehta, who was trailing behind Smt. Sinha at one time by about 17,000 votes, turned the table after final round of votes in Samastipur Assembly segment. He not only wiped out her lead, but established a clear lead over her by a few hundred votes. There after, he went on consolidating his position.

There were 23 candidates in the field, including 20 Independents, of whom five later retired from the contest.

While Smt. Sinha belongs to upper caste, "Bhumihar" and is a seasoned politician from the State, Sri Mehta belongs to a backward caste, "Koeri", and is a newcomer to active politics, being an Associate Professor of Engineering at the Birla Institute of Technology at Ranchi.

The Samastipur seat had fallen vacant due to the resignation of Sri Karpuri Thakur following his assumption of the Chief Ministership. He had won by over 3 lakh votes.

★ One person was killed and two others were injured in police firing at Kinwat in Nanded District in Maharashtra yesterday.

The Mysore University Private College Teachers' Association has drawn the attention of State Government towards the non-payment of salaries to the staff of aided teachers colleges for the months of October and November.

In a statement, Association Secretary M.G. RenukaPrasanna said that the delay caused might be due to lack of proper allocation of funds exclusively meant for the disbursement of salaries. Varsity Explains Removal Of Lecturer

Mysore, Dec. 6

The withdrawal of appointment of Sri K. M. Jayaramaiah, a lecturer in Botany in the Mysore University, was purely an administrative decision and an impersonal action, the University Registrar has said.

In a press note issued recently, he said the appointment of Sri Jayaramaiah was a purely temporary one and when he was posted to Yuvaraja's College, he went on leave indefinitely dislocating the teaching work. Considering all these points, it was decided to terminate his appointment.

In a rejoinder, the University Dalit Vidyarthi Okkoota, which is conducting dharna in front of Crawford Hall, demanding the reinstatement of Sri Jayaramaiah, described the statement of the Registrar as far from truth.

Although Sri Jayaramaiah had put in three years of experience he was removed and in his place a person belonging to upper caste with only one year experience had been appointed, it alleged.

LIBRARIANS DEMAND PAI PAY SCALES

Mysore, Dec. 8

The staff of libraries and physical education department in the Mysore University have opposed the lowering of their existing pay scales by the university by granting them revised UGC pay scales.

The Registrar is reported to have recommended to the State Government the adoption of the revised UGC pay scales for them. The pay scales of the library staff and the physical education department have not been revised yet, although two years have elapsed since the implementation of Narayana Pai scales in Jan. 1977.

The staff who are aggrieved by the delay, have urged the university authorities to implement Pai pay scales for them also so that they could be on par with other staff members of the university.

Adoption of the revised UGC scales, they say, would reduce their existing pay scales. They feel that any revision should be upwards and not bringing them down.

Racket In Answer Books Busted

Mysore, Dec. 11

The police have busted a racket in examination answer books and arrested two employees of the Mysore University.

On credible information from the university sources that university examination answer books were being substituted by some employees of the university, the K.R. Police raided a house in K. R. Mohalla on last Friday and arrested a university clerk. Answer books written in the university examination of 1978 were recovered.

According to the police, the clerk along with his associates in the university were clandestinely removing books with the connivance of peons, watchmen from the bundles and substituting them with re written answer books. They were getting fabulous sums from the students. This was going on for the past few years, he said.

During searches made in the residence of the above official, many blank degree certificates were also found. One peon has also been arrested and both of them have been remanded to judicial custody.

BG Proposal Before Planning Commission

Mysore, Dec. 13

The proposal for the conversion of Mysore-Bangalore metre gauge line into broad guage may be taken up at least next year if the State Government exerted enough pressure on the Planning Commission.

Southern Railway General Manager Samba Murthy said here yesterday that the project had been recommended by the Railway Ministry to the Planning Commission and the work on the conversion would be taken up as soon as the Planning Commission gave its approval.

Addressing the District Small Scale Industries Association, he disclosed that Railway Minister Madhu Dandavate, who was in Bangalore last month, had held discussion with Chief Minister Devaraj Urs on the project and also regarding the offer made by the State Government for undertaking the project, which would cost Rs 12 crores.

The General Manager allayed fear over the Railway Workshop in the city and said that there was no proposal to shift or close down the workshop. In fact, he had come to find out as to how best the workshop could be improved and also whether it could supply the necessary stores in case the Mysore-Bangalore broad gauge was taken up he said.

As regards the plea for a non-stop train between Mysore and Bangalore, Sri Samba Murthy said that the difficulty was in getting metre gauge diesel engines. At least next year this proposal could be considered.

Association President B. N. Aradhya pleaded for conversion of Mysore-Bangalore line into broad gauge, upgrading of Railway Workshop, circular rail for Mysore, conversion of Nandi Express into a vestibule train. Sri Krishnaswamy proposed a vote of thanks.

Good Start By West Indies

[From Our Correspondent]

Bangalore, Dec. 15

West Indies skipper Kallicharan won the toss for the second time in succession and put his team to bat on the opening day of the second Test here today.

Quality Of Truthfulness Extolled

Mysore, Dec. 16

The motto adopted by the Government of India in its emblem is "Satyameva Jayathe", that is, truth alone prevails. This maxim indicates that every member of our society is to speak the truth all the times. Untruth may succeed temporarily, but ultimately it is truth that prevails, said Dr. Jambunathan, retered Professor of Statistics, while speaking at the Sarvabhasha Saraswathi Sangha here recently.

All religions and legal codes prescribe truthfulness as an important aspect of human conduct An English poet, Keats has said "Truth is God", which shows the high esteem in which truth is held. The story of Harischandra is meant to impress on our minds the importance that is to be accorded to truthfulness, said Dr. Jambunathan Sri R. Krishnaswamy proposed a vote of thanks.

Uphold Dignity Of Law Profession

Chandrachud's Call

Mysore, Dec. 18

Sri Y. V. Chandrachud, Chief Justice of India, yesterday called upon lawyers to see that their great and noble profession did not degenerate into a trade or business activity.

Inaugurating the silver jubilee celebrations of the Mysore Bar Association Co-operative Society, he regretted that the profession was not looked today with the same amount of high esteem as in the past.

"If we look around today, we find as a class that this profession which occupied a high position has fallen back", he said and asked the men in the legal profession to do a little of introspection as to why this had happened.

One of the chief reasons he attributed for the fall in the high esteem with which the profession was held was the fall in the emphasis on the personal bond of friendship between the clients and the lawyers.

The Chief Justice said he was happy that there were some lady lawyers in the Mysore Bar as in other cities. Amidst laughter, he appealed to them not to desert the law for a lawyer, but to continue in the profession even after getting married.

Sri Chandrachud regretted the general conditions of the subordinate judiciary which he said. were in abject conditions. There was not enough place, no books and no competent staff in these courts. Therefore, the State Governments had to devote some time to tackle these problems and also take steps to reduce the number of cases in the courts, he said.

Praising the beauty of Mysore City, he said he had visited Mysore 20 years ago. Even after these 20 years, he found that Mysore had not lost its beauty.

Sri D M. Chandrashekar, Chief Justice of Karnataka, who presided, praised the working of the society and said that lawyers had played a significant role in the early stages of the co-operative movement in the country.

Messrs P. Gopalakrishna Setty, Dwarkanath, P.M. Chikkaboriah R. Srinivasachar, M.A Sampathiyengar and N.C. Krishnaswamy, former office-bearers of the society, were honoured on the occasion.

Messrs Chikkaboraiah, Srinivasachar and T.V. Srinivasa Rao recalled their association with the society. Society President R. Srinivasan welcomed the gathering. Sri V S. Nagaraj read the messages and R. Nagaraja Rao, the report. Secretary S V. Sangameswaran proposed a vote of thanks.

WADEYAR STATUE NEAR PALACE URGED

Mysore, Dec. 26

A plea to erect a statue of the late Maharaja, Sri Jayachamaraja Wadeyar, in the city, has been made by Sri M. K. Lingiah, former Municipal President.

The City Corporation and the City Improvement Trust Board were on the look out for a suitable site for erecting a statue of Sri Jayachamaraja Wadeyar. The statue may be erected in a circle at the southern side of the Palace between the old Palace Offices and the Gun Shed, which would be in a symmetrical position to the existing statue of Sri Chamaraja Wadeyar, which was at the northern side of the Palace, Sri Lingiah suggested.

Irregularities In City Corpn Alleged

Mysore, Dec. 27

Glaring irregular acts were taking place in the City Corporation, calling for intervention and remedial measures, Sri B C. Lingaiah, former Municipal President, has alleged.

In a letter addressed to the Chief Minister, he said that in the absence of an elected body the officials were expected to carry on the normal acitivities without encroaching on policy matters. One such deviation was allowing the corporation tenants in Sayaji Rao Road to demolish the shops and reconstruct them on their own.

The Municipality had stalwarts as Presidents and they too had refrained from embarking on such a policy of allowing the tenants to have their own free way with the municipal buildings. He had failed to understand what moral right the corporation authorities would have to evict such tenants, Sri Lingaiah said.

He urged the Chief Minister to intervene immediately and put the house in order.

It warned the Chancellor that if no action was taken on the basis of Venkataswami Committee report, which had upheld 16 charges against the Vice Chancellor, he alone would be held responsible for consequential student disturbances.

Any construction or conversion of land required the prior approval of the Authority, failing which, all such unauthorised constructions would be demolished at the cost of the building owners, she warned.

Mysore, Dec. 30

Inaugurating the 75th birthday celebration of the noted Kannada poet, Dr. K.V. Puttappa, he said that languages should not become an instrument for developing hatredness but should promote understanding and oneness among the people.

Gavaskar's New Mark In Cricket History

The 75,000 spectators at Eden Gardens in Calcutta gave a full throated cheer when "little master" Gavaskar by taking a single needed for his century set a new record in the cricket history on the fourth day of the second Test today.

The anxious spectators had keep to their fingers crossed when Gavaskar remained one short of his historic century at lunch break, the West Indians adopting delaying tactics. In the second over after lunch, Gavasker took the valuable single and scored the centuary, the second in the present Test.

He thus became the first-ever cricketer in the cricket history to score a century in both innings of three Test matches. At lunch break, India were 184 for 1. Vengsarkar was batting with 73.

Hon. Degrees To Politicians Opposed

Mysore, Dec. 2

The city unit of Akhila Bharatiya Vidyarthi Parishad has opposed the decision of the Mysore University Syndicate to award honorary doctorate degrees to three politicians, Messrs D. Devaraj Urs, K. Hanumanthaiya and S. Nijalingappa.

This step to appease politicians against some of whom there were a number of charges was shocking.Moreover,the university should never stoop down to such unacademic levels to gain political patronage. This gave room for suspicion that Vice-Chancellor D.V. Urs might be paying his fees to theChief Minister who had saved him so far, it said at a meeting on Sunday.

It fully supported the students call for Mysore Bundh. It decerd the delay in the announcement of certain results. It welcomed the bold steps taken by the University authorities in unearthing the answer book racket. It was only one of the many rackets which have been operating in the university, the meeting said.

CITY OBSERVES BUNDH

Mysore, Jan. 2

The bundh call given by the Mysore University students here today evoked partial response from the business community. The bundh was peaceful.

Although some of the shops, hotels, and cinemas were open in the morning, students in small groups went round the prominent areas and made the merchants to pull down the shutters.

While most of the shops and hotels remained closed in Sayaji Rao Road, Santhepet, Asoka Road, Shivarampet and Irwin Road, in other places some of them were open until the students forced them to close down.

The bundh, however, did not affect the transport system. City and mofussil buses and autorickshaws were playing as usual. All the schools and colleges remained closed as per the direction of the Deputy Commissioner.

The bundh call had been given by the students demanding the removal of Vice-Chancellor D. V. Urs in view of the findings of the Justice Venkataswami report, opposing conferring of honorary degrees on three politicians and condemning police actions.

Panel For V-C's Selection

Governor Govind Narain said in Dharwar on Saturday that he would shortly constitute a four-member committee to prepare the panel for the appointment of the Vice-Chancellor of the Mysore University The term of the present Vice-Chancellor D. V. Urs expires on March 8. The name of a nominee of the UGC for the panel had already been received, he said.

The Chancellor said he had received an interim report from the Mysore University on the enforcement of some of the directions issued by him for which he had set the time limit till the end of December. He expected to receive the final report shortly.

City Students' Warning

Mysore, Jan 5

The City College Students Action Committee has submitted a memorandum to the Governor and Chancellor reiterating its demand for the immediate dismissal of Vice-Chancellor D.V. Urs.

The committee pointed out the assurance given by the Chancellor to the students last year to institute an enquiry and take action on the basis of the enquiry committee report against the Vice-Chancellor. It regretted that the Vice-Chancellor had been allowed to continue inspite of the fact that the Venkataswami Committee had upheld 16 of the 35 charges. Sri Urs, who was to complete his term by March 8, 1979, was carrying on his misrule with the support of the Chief Minister", it alleged.

The students warned that if the Vice-Chancellor was not removed immediately, they would intensify the agitation by spreading it to the entire area of the university, and, if necessary, against the Chancellor himself

Bankmen Stir Might Lead To Food Shortage

Mysore, Jan. 6

The Chamber of Commerce and Industry here has expressed great concern over the hardships being faced by the trade and industry due to the strike and go-slow tactics adopted by the bankmen.

In a statement, Sri B. N. Aradhya, President of the District Small Scale Industries Association, said that agitation had affected small account holders, small businessmen and small industries to a great extent and the continuance of the agitation would have a greater impact on the national economy.

He has appealed to the Union Labour and Finance Minister and the Banking Unions to come together to resolve the crisis in the interest of the country.

The Mysore Grain Merchants' Association has warned that the continued agitation by the bank employees might lead to accute shortage of food commodities in the open markets

Association President A. Chinnaswamy Mudaliar said in a press note today that it was horrifying to note that the bank employees had taken a decision to continue the strike. The bank employees must realise the difficulties caused to the merchant class and public If they continued their agitation, there was every possibility of the employees losing sympathy from the public, he warned.

DAIRY MILK IN SACHETS

Mysore, Jan 6

The Mysore Dairy has started supplying milk in polythylene sachets, instead of bottles, following the lack of supply of aluminium foils to the dairy.

In a press release yesterday, the Dairy General Manager said that there was only one factory in the country which manufactured aluminium foils required for sealing the milk bottles. Following labour unrest in that factory the supply had come to an abrupt stoppage. This had gravely affected the normal functioning of several dairies in the country, including the Mysoree Dairy.

The authorities of the dairy were trying to supply milk through sachets by using the sachet filling machines round the clock. The authorities, working round the clock, were using their every nerve to keep up milk supply to the best satisfaction of the consumers, he said

He appealed to the consumers to co-operate with the dairy authorities until supply of milk in bottles was resumed.

Sarvagna-A Rustic Poet

Mysore, Jan. 9

The sayings of the Karnada poet Sarvagna are couched in simple and homely language that they have become very popular among the masses. His crisp and torse style greatly heightens the effect of his aphorisms, said Sri K. V. Govinda Rao, retired Post-Master, while speaking at the Sarvabhasha Saraswathi Sangha here.

Not much is known aboutSarvajna's birth or education. It is believed that he lived some four centuries ago. He wandered from place to place and composed the verses on the spur of the moment and to suit the particular occasion, he said.

Prof. M.V. Jambunathan, President of the Sangha, welcomed the gathering. Sri P. Krishna Setty proposed a vote of thanks.

MSG : CONG-I PLAN TO SABOTAGE DEMOCRACY

Mysore, Jan. 11

The Congress (I) had drawn up a plan of action to uproot the democratic system in the country, Sri M. S. Gurupadaswamy, member of the national executive of the Janata Party, said today.

Addressing a news conference, he said that the Congress (I) had already given clear indications of their plan by invading courts, creating disturbances and obstructing Parliamentary proceedings. They had made the Rajya Sabha the forum to throttle and suffocate free and democratic discussions.

In this game of consolidating the forces of discontent by creating choatic conditions, the Swaran Singh group in Congress was playing into the hands of Smt. Indira Gandhi. Perhaps very soon there would be another split of the Congress he said.

Sri Gurupadaswamy warned the SwaranSingh group that they would only help the forces of authoritarianism if they followed the footsteps of Smt. Gandhi.

Expressing his confidence that the differences in the Janata Party would by be over very soon, he said the year 1979 would be a year of consolidation of the Party.

Senate Decision On Hon. Degrees Today

Mysore, Jan. 12

The Mysore University Senate is meeting at 3 p.m. today to consider a resolution for conferring honorary doctorate degrees on three "eminent" political leaders of the State, Sri D. Devaraj Urs, the Chief Minister, Sri K. Hanumanthaiya and Sri S. Nijalingappa, former Chief Ministers.

The resolution has already been adopted unanimously by the Syndicate and likely to face stiff opposition in the Senate in view of the controversy the resolution has created. Both the sections of teachers and students of the university have strongly opposed conferring honorary degree on the Chief Minister.

The Action Committee of City College Students has sent out an appeal to all the Senate members to strongly oppose the move. They said they condemned the resolution as "politically motivated" especially since there had been a strong student agitation demanding the dismissal of the Vice-Chancellor.

In separate statements eight former students of the university and Sri S. Suresh Kumar, [illegible] and three other youth workers of Congress (I) have welcomed the resolution.

Senate Decision On Hon.Degrees Today

Mysore, Jan. 12

The Mysore University Senate is meeting at 3 p.m. today to consider a resolution for conferring honorary doctorate degrees on three "eminent" political leaders of the State, Sri D. Devaraj Urs, the Chief Minister, Sri K. Hanumanthaiya and Sri S. Nijalingappa, former Chief Ministers.

The resolution has already been adopted unanimously by the Syndicate and likely to face stiff opposition in the Senate in view of the controversy the resolution has raised. Both the sections of teachers and students of the university have strongly opposed conferring honorary degree on the Chief Minister.

The Action Committee of city College Students has sent out an appeal to all the Senate members to strongly oppose the move. They said they considered the resolution as politically motivated, especially since there had been a strong student agitation demanding the dismissal of the Vice-Chancellor.

In separate statements, eight former students of the university and Sri S. Suresh Kumar Jain and three other youth workers of Congress (I) have welcomed the resolution.

Senate Decision On Hon.Degrees Today

Mysore, Jan. 12

The Mysore University Senate is meeting at 3 p.m. today to consider a resolution for conferring honorary doctorate degress on three "eminent" political leaders of the State, Sri D. Devaraj Urs, the Chief Minister, Sri K. Hanumanthaiya and Sri S. Nijalingappa, former Chief Ministers.

The resolution has already been adopted unanimously by the Syndicate and likely to face stiff opposition in the Senate in view of the controversy the resolution has raised. Both the sections of teachers and students of the university have strongly opposed conferring honorary degree on the Chief Minister.

The Action Committee of city College Students has sent out an appeal to all the Senate members to strongly oppose the move. They said they considered the resolution as politically motivated, especially since there had been a strong student agitation demanding the dismissal of the Vice-Chancellor.

In separate statements, eight former students of the university and Sri S Suresh Kumar Jain and three other youth workers of Congress (I) have welcomed the resolution.

HON. DEGREES FOR ALL EX-CMs

Mysore, Jan. 13

The Mysore University Senate is reported to have accepted a suggestion to confer honorary doctorate degrees on all the former Chief Ministers of the State.

The "controversial" resolution to honour three eminent politicians of the State, Messrs D. Devaraj Urs, the Chief Minister, K. Hanumanthaiya and S. Nijalingappa was discussed at a special meeting of the Senate yesterday.

Sri H. Gangadharan, MLA, is said to have suggested through an amendment that the remaining three former Chief Ministers, Messrs Kadidal Manjappa, B. D. Jatti and Veerendra Patil, should also be conferred honorary degrees.

Vice Chancellor D.V. Urs, who presided, is stated to have assured that after getting the approval of the Syndicate for the proposal, he would convene a special meeting of the Senate.

Earlier, Sri Renuka Prasanna staged a walk-out protesting over the ruling of the Vice-Chancellor that it would not be proper for the Senate to discuss the Venkataswami Committee report, since the Chancellor was seized of the matter.

Students of the city colleges boycotted classes in the afternoon and staged demonstration before the Crawford Hall protesting over the proposal to confer honorary degree on the Chief Minister.

Non-Formal Edn. Inevitable

—Governor

Mysore, Jan. 29

It was of greatest importance that we should not only devise effective strategies to cover the children of disadvantaged groups with our educational system but reorient the teacher training programmes also so as to provide the suitably trained manpower required for implementing these strategies, Governor Govind Narain said yesterday.

Inaugurating a three-day conference of the State Association of Teacher Educators, he said that the biggest hurdle in the implementation of universal elementary education was that a large number of disadvantaged children were unable to avail themselves of the formal schooling system for various reasons.

Therefore, it was inevitable that we should develop an effective non-formal system of education. He also called for a 'Copernican revolution" in the education system.

On the occasion, Dr. A. C. Deve Gowda and Sri K. B. Tergaonkar of Dharwar, two distinguished teacher educators, were honoured. Sri Ram Kulkarni welcomed the gathering. Association President Prof. S. R. Rohidekar spoke on the theme of the conference. Smt. Chandra Govind Narain declared open an exhibition of books. Sri D. R. Murugendrappa proposed a vote of thanks.

World Leprosy Day and Anti Leprosy Week is being observed in the country today.

Leprosy is a common disease in our country. It is an infectious disease caused by a germ called 'Lepra Bacillus'. It is transmitted by a leprosy patient to a healthy person either through skin to skin contact or through nasal secretions. It is not a hereditary disease

Since there is no vaccine to prevent this disease, the only way to protect ourselves from leprosy is to know the early signs of the disease and go to a doctor if the signs appear on the body.

The most common early signs are a pale patch on the skin accompanied by loss of sensation to touch and pain and absence of itching The patches may appear on any part of the body. Change in the colour and texture of skin, diminution or loss of sensation in some part of the body which may or may not be accompanied by skin patches, bleeding from the nose and sudden fever with the appearance of patches.

If the treatment is given at this stage, the disease can be completely cured Otherwise disease will progress and complication like deformities. ulcers and bldness will result. The treatment is available free of cost in the Government dispensaries.

Further information may be obtained from Dr. V. R. Ramachandra, Leprologist, H. B. Colony, 2nd Stage, Industrial Suburb. Free consultation and treatment is avaivlable on every Sunday

The Leprosy Centre in Nazarbad also provides free consultation and treatment on every Monday.

Cheating In Measurements

Sir,-At this time of kerosene scarcity, I would like to bring the following few lines to the attention of our city's residents.

The so-called licenced hawkers of kerosene are exploiting the situation. Ten litres of kerosene, they give, for example, later measures only seven litres. The sufferers are naturally the middle class and the poorer sections of the society.

Will the Inspector of Weights and Measures kindly look into this ? The City Consumer Resistance Organisation, if there is one, could kindly come to the rescue of the people.

What Use These Street Lights?

Sir,-It is true that the City Corporation has spent a sizable sum for putting up mercury vapour lamps stretching from K. R. Circle towards Vinoba Road (Srirampet).

But, of late, the street lights all along the route are not burning. This is causing much inconvenience to pedestrians, motorists and strangers. Some attempts were made during September 1978 to set them right, in vain.

It seems to me something has gone wrong some where,either in replacing the bulbs or in repairing the poles. The authorities are callous in their duties. It is time to get the street lights rectified, at least now.

An On Looker.

PUT OFF PARTY POLLS

—Janata Men Demand

Mysore, Feb. 6

Some of the prominent members of the City Janata Party have demanded indefinite postponement of organisation elections.

At a news conference yesterday, they alleged irregularities, manipulations and enrolement of bogus members by the present office-bearers, with a view to retain power and have their own men in the party positions.

Sri S. Ramaiah, a member of the City working Committee, said there was a "clear clevage" between the former Jan Sangh and non-Jan Sangh groups. Jan Sangh had upperhand after the Chamaraja by-election. The present office-bearers, including President H. Kempe Gowda, who had defected from Congress (I), wanted to eliminate the former Socialists, BLD and some Independents from the elections.

They also pointed out that there were over 7,000 members in the city and holding elections in one day to elect as many as 400 members to 82 units in one place would be impossible.

Messrs V. Srinivasa Prasad, P. Mallesh, V. H. Gowda, Venkatesh and H S. Ramesh Chandra also spoke. Sri Harsha Kumar said the process of elimination of former Socialists had started, when the then President Srikanta Sharma, was forced to resign from the party.

VENUE CHANGED

It was informed today that the elections, which were proposed to be held at party office tomorrow, would be conducted at the Nanjaraja Bahadur Choultry from 10 a.m.

PLEA TO PROSCRIBE BOOK CONDEMNED

Mysore, Feb. 5

The KarnatakaSatyasodhaka Sangha yesterday strongly condemned as "most irrational and unconscionable" the decision of the Mysore North Education Society to start an agitation to urge the Government to proscribe the book "Archaeology of Coorg, with Special Reference to Megaliths" by Dr.K.K. Subbayya, a lecturer in the Department of Ancient History of Mysore University.

In a statement, Sangha President K. B. Ganapathy said that the Society's decision, if implemented, would make the future scholars and historians insecure and uncertain about the true role of their profession.

The Sangha would soon be convening a convention of scholars and historians to discuss the subject,"Danger to the Freedom of Scholars and Historians under the Present Political Climate in our Country" to focus the attention of the public to the dangers posed by vested and communal interests in the country in literary and academic field, he said.

The Mysore North Education Society, at an emergent meeting on last Saturday, proposed to agitate against the book. It urged the Government to immediately proscribe the book and seize all its copies, urged the Poona University to withdraw the doctorate awarded in 1973 to Dr. Subbayya, and urged the Mysore University to institute disciplinary action against the lecturer.

Sri Taj Mohamad Khan, All Karnataka Al-Ameen Youth Wing, presided. Sri M.K. Attaullah Baig welcomed and Sri Althaf Ahmed proposed a vote of thanks.

Bhutto's Death Sentence Up-Held

The Pakistan Supreme Court today confirmed the death sentence passed on former Premier Zulfikar Ali Bhutto.

Sri Bhutto, 51, was sentenced to be hanged by the Lahore High Court in last March for ordering the killing of a political opponent.

The Supreme Court dismissed the appeal by Sri Bhutto and in a split ruling, 5–2, upheld the death sentence passed on him. Four other defendents - all officers of former Federal Security Force - also had their death sentences confirmed.

Sri Bhutto, who ruled Pakistan for over 5 years, has seven days to appeal for elemency to Army ruler, Gen. Mohammad Zia-ul-Haq, who ousted him from power in July 1977.

Ramayana, A Part Of World Literature

Mysore, Feb. 6

The Ramayana of Valmiki which is a great national epic of India may be regarded as an epitome of of Hindu culture and religious tenets. The story of the Ramayana has travelled to other lands like Ceylon, Burma, Indonesia etc. wherein it has undergone several modifications and adaptations. Even in India there are several modified versions, just as the Ramayana of the Jains, declared Prof. G.Sachidananda, retired Professor of Hindi, Mysore University while speaking at the Sarvabhasha Saraswathi Sangha here recently.

Some 400 years ago, the famous Hindi poet Tulsi Das composed the Ramacharitha-Manasa in Avadhi-Hindi taking the same story and is noteworthy for its choice of diction and graphic delineation of events and feelings. Another Hindi poet, Keshava Das, has written the Ramachandrika in Braj-Bhasha, and this also is based on Valmiki's Ramayana, he said. Prof. M.V. Jambunathan, Sangha President, welcomed the gathering Dr. M. S. Krishnamurthy proposed a vote of thanks

GREEN SIGNAL FOR B-G LINE HAILED

Mysore, Feb. 21

The 1979-80 Railway Budget has brought happiness and satisfaction to the people of Karnataka in general and of Mysore City in particular.

The reason for this happiness is the inclusion of the proposal to convert the Mysore Bangalore railway line into broad gauge. The entire project is estimated to cost Rs 14 crores andRs 1 crore has been provided in the 1979 80 budget.

The demand for the conversion was a long pending one. Over a decade ago, the City Municipality had unanimously adopted a resolution urging the Centre to take up this project. The Chamber of Commerce and Industry and a number of other organisations, including the State Government, continued to press the Centre for broad gauge conversion.

With MysoreDistrict becoming an industrially backward district, the need for broad gauge assumed importance Industrialists, who came to Mysore attracted by the incentives, began to feel the problem of transhipment from broad gauge to metre gauge.

While the conversion of the line will open up tremendous opportunities for the development of the area between Bangalore-Mysore, it will also relieve the heavy pressure on road transport.

The present metre gauge line was taken up in 1877 — over a 100 years ago — by the late Maharaja,Sri Krishnaraja Wadeyar, as a famine relief measure. At first the line was laid from Bangalore to Channapatna. The Bangalore-Mysore section was opened for traffic in 1882.

With the increasing power production, the Maharaja had also mooted the idea of electrification of the track.

Sri A. Ramanna, Member, National Railway Users' Consultative Committee, has said that the RailwayMinister had fulfilled the promise he had made regarding this line in the last meeting of the committee.

Hailing the decision, Sri B. N. S. Aradhya, President of Federation of Chambers of Commerce and Industry, has described the announcement of the Railway Minister 'as a great event'.

Sri M. K. Lingiah, ex-Municipal President and Convener of Railway Action Committee, has thanked the Railway Minister. He was confident of Chamarajanagar-Sathyamangalam line also, he said.

Chaluvaligar leader Thayur Vittala Murthy said they would give a befitting reception to Prof. Dhandavate when he visited Mysore.

POLICE-PRESS BETTER TIES URGED

Mysore, Feb. 28

Sri S.N.S. Murthy, DIG of Police, yesterday underlined the need for better relationship between the police and the press,

Sri Murthy, recipient of the President's Police Medal, and Sri Krishna Vattam, Staff Correspondent of "Deccan Herald", who has been awarded the Best Mofussil Reporter Award, were the guests of honour at the Lions Club of Mysore Central.

Referring to the Chickmagalur incident where some of the pressmen were beaten up, Sri Murthy regretted that the police were at the receiving end. He hoped that this would not strain the relationship between the press and the police

He said there had been a lot of debate of recent in the press about the role of the police This was very healthy and necessary because, in the final analysis, police force was a cross section of the community it had to serve.

Maintenance of law and order should not be left solely to the police Public also had a responsibility in this task, the DIG said.

Endorsing the feeling of the DIG, Sri Vattam said that the relationship between the police and the press had strained to some extent. Unfortunately, there was always some section, which magnified it. The press, he assured, would not lag behind in giving its co-operation to the police in maintenance of law and order.

Club President Srichand T. Budhwani presided. Lions Deputy District Governor Dr. T.R. Ravinath inducted six new members into the club. Secretary T. L. Radhakrishna read a report. While Smt Srimathi Radhakrishna introduced the DIG, Sri Narendra introduced Sri Vattam.

Saw Dust As Tea Powder

3 Cases Detected In City

[From Our Correspondent]

Bangalore, March 1

COD Police Officers in Mysore City have detected three cases of manufacturing and selling of adulterated tea and seized over 180 kgs of tea powder valued about Rs 8,000.

In some cases, saw dust was allegedly being sold as tea dust. This was disclosed in the first press conference of the new IGP Veerabhadraiah today.

He said all the police officers were asked to go on night rounds last week all over the State to round up bad characters on prowl at odd hours of night and this had salutary effect.

Corpn For Silk Filatures Proposed

Mysore, March 1

A corporation for the management of all the silk filatures in the State was proposed by the Government, Srriculture and Horticulture Minister K.B. Shivaiah said on Tuesday.

Addressing the members of the Chamber of Commerce and Industry and the District Small Scale Industry Association, which felicitated him on his becoming a Minister, Sri Shivaiah said that the World Bank would be giving a financial assistance of Rs 50 crores or a Rs 100-crore five year scheme for the development of sericulture. The remaining 50 crores would be provided by the Government. The scheme envisages doubling the present production of sericulture which was 2,300 tons at present.

He was also thinking of reorganising the Horticulture Department. Foreign assistance was expected for the development of horticulture also, he said.

Sri F. K. Irani welcomed the chief guest Sri B. N. Aradhya, who spoke, said that the provision of Rs 1 crore in the Railway Budget for the conversion of Mysore-Bangalore rail line was not adequate. Sri R. Vasudeva Murthy proposed a vote of thanks.

Adigas's Advise To Students

Mysore, March 1

Sri M. Gopalakrishna Adiga, President of the 51st Kannada Sahitya Sammelan, yesterday called upon students to realise that freedom meant responsibility.

Inaugurating the activities of the Mysore University Extra-Curricular Activities Committee, Sri Adiga said that if the responsibility was not discharged properly, then the country would have no bright future. It was lack of courage to shoulder responsibility among the people that had resulted in authoritarianism.

Dr. P. S. Ramanujam, Registrar, presided. Sri Mohanraj welcomed the gathering. Sri K.M. Chandre Gowda proposed a vote of thanks.

Modern Arabic literature was one of the richest literatures of the world, Prof. Sayeed Ahmed Akbarabadi, Visiting Professor of Arabic, Calicut University, said on last Monday.

Delivering a special lecture on "Modern Arabic Literature", under the auspices of the University Prasaranga, he said modern Arabic literature had developed rapidly during the last 15 centuries and had become a world literature today.

Dr B Sheik Ali, Director of Institute of Middle Eastern Studies, presided. Prof. Mir Mahmood Husine introduced the chief guest.

General Welcome For Hegde's Choice

Mysore, March 1

Dr. K. Shivaram Hegde, Director, Madras Institute of Technology, has been appointed the Vice-Chancellor of Mysore University for a period of three years, succeeding Sri D. V. Urs, who retires on March 8.

This is the first time perhaps in the history of the Mysore University a technocrat heading it as Vice-Chancellor.

There was mixed reaction today in the university circles for the appointment of Sri Hegde. While the Students' Action Committee Joint Secretary B. Javare Gowda was happy that Sri Urs had not been appointed for a second term, there was a feeling that bringing an outsider would help in improving the academic conditions in the university, which remained affected due to one reason or the other during the last three years.

Bringing a person from outside the Mysore University area had also given place to some amount of dissatisfaction and that was that the senior and deserving professors in the university had been ignored for the post.

Lions Club of Mysore East: Felicitation to N C C cadets, Lt Col. P. Saldanha, N C C Group Commander, chief guest, Lions Bhavan, Tilak Nagar, 8 p.m.

Vijayadasa's Services Extolled

Mysore, March 2

After the fall of the Vijayanagar Empire when people's adherence to Bhakti or devotion to God began to wane, Vijayadasa came on the scene and conforming to the traditions handed down from Purandaradasa's time, was actively engaged in disseminating the basic knowledge contained in the Vedas and Upanishads through simple Kannada understood by the common folk.

Born in a humble family and having no sound education worth the name, he proved to be an illustrious member of the Dasa-koota solely on the strength of his devotion and abiding faith in God, said Sri Khagavaradhwaja Vittaladas, while speaking at the Sarvabhasha Saraswathi Sangha here recently.

It is said that Vij-yadas was an Ava ara of the sage Bhrugu who established that among the Trinity, Brahma, Vishnu and Maheswara, it was Vishnu that occupied the pre-eminent position, said Sri Vittaladasa.

Prof. M.V. Jambunathan welcomed the gathering. Sri R. Krishnamurthy, the Secretary, proposed a vote of thanks.

Urs Warns Of Dangerous Precedents

Mysore, March 8

Sri D. V. Urs, outgoing Vice-Chancellor of the Mysore University, said today that some highly dangerous precedents had been created in the university in the last few years.

Speaking to newsmen on the eve of his relinquishing the office, he said that one of this dangerous precedents was that the accusors, who made anonymous allegations which led to the constitution of one-man Justice Venkataswami Committee, could succeed in bringing to a grinding halt the educational process itself.

Anonymous allegations were freely made. Not one of his accusors, to his knowledge, signed the allegations. The few colleagues who lent their support to the agitation also chose not to sign them and be identified as memorialists. Yet it was these anonymous allegations which led to the constitution of the enquiry committee, he said.

Referring to the report itself, Sri Urs said that not one academic allegation was made or upheld and for the most part the report dealt with what are essentially procedure issues. "The personal tone of the attack and the intemperate langauge used in the agitation left me disillusioned", he said.

He also regretted that his colleagues, who had known him for decades, who disagreed with him did not express their disagreement openly.

PRACTICAL TRAINING MUST, V-C

Mysore, March 19

The importance of practical training in the teaching of science and technology was underlined by the new Vice-Chancellor, Prof. K. S. Hegde, today.

Presiding over the inauguration of in-depth short-term courses for college teachers organised by the Department of Physics under the College Science Improvement Programme, he pointed out that immediately after assuming office as the Vice-Chancellor a delegation of students had approached him pleading for the withdrawal of practical examinations

The Vice-Chancellor said he had to tell them plainly that they had to take practical training seriously. If science students in Mysore University got a degree without practical training, such a degree would have no value. They would be only pseudo-scientists.

Prof. Hegde asked the science teachers to cultivate a scientific bent of mind in the students.

Earlier, Dr. C. K. Majumdar, Palit Professor of Physics, Calcutta University, inaugurated the courses. Prof. B. Sanjeevaiah, Head of the Department, welcomed the gathering. Prof Sri[illegible]a Murthy proposed a vote of thanks.

It was no surprise that many students who did not know the answer lost the six marks set apart for the question. They had been only taught about the "natural" vegetation of Australia and they knew nothing about that country's "National" vegetation.

VC Aware Of Challenging Task

Mysore, March 24

Vice-Chancellor Prof. K. S. Hegde said yesterday that he had been warned before accepting the new post that the posts of the Vice-Chancellors, particularly of the Mysore University, was not a bed of roses.

Speaking at a function organised to felicitate him by the All Karnataka Engineering College Teachers' Association, Prof. Hegde said he was aware that he had to face a number of challenges as Vice-Chancellor.

The challenge of bringing about a measurement of excellence in the quality of education that was provided to the students was the most important of these challenges.

There was a complaint that the student community did not respond in adequate measure in the task of bringing about an improvement in education. After his experience as Vice-Chancellor during the last few days, he said he was not disillusioned. Teachers should not give up hopes and if that happened it would be a very tragic thing, he said.

He was aware that students generally were for improving the quality of education, because they knew that their quality of life depended upon the quality of education they got. Therefore, the teachers could count upon the co-operation of the students, the Vice Chancellor said.

"During the last one week as Vice-Chancellor, I must say that all the impressions that I carried in Tamil Nadu about teachers and students have been completely fortified inspite of the repeated cautions given to me", he said.

He found by and large that every one here was fighting for making the university what it was. He thought it was a right thing. As Vice-Chancellor, he was conscious of the great honour done to him by Karnataka by appointing him as the head of an old and reputed university, Prof. Hegde said.

He appealed to the engineering teachers to help in the challenging task of bringing about qualitative education.

Prof. G.Parameswarappa, Prof, H.V. Sathyanarayana Rao, Sri H.S.Lingappa and Sudhakar Samuel spoke. Association Chairman Dr. S. Rame Gowda welcomed and Ramanacharlu proposed a vote of thanks.

Traffic Park In Gandhi Van

Mysore, March 26

The Gandhi Van, adjacent to Mirza Circle at Nazarbad, will soon have a traffic park to inculcate traffic sense to children.

Problems pertaining to traffic are getting complicated and road accidents are in the increase in the recent past in the city. This was due to the increasing number of vehicles. Therefore, it was decided to set up a traffic park in the Gandhi Van, which is ideally located in the heart of the city.

The Ideal Jawa Factory has come forward to incur the entire expenditure for the formation of the traffic park, which is expected to cost Rs 1.25 lakhs. The project has been taken up as part of the celebration International Year of the Child. The work is expected to be completed by the end of the year. A statue of Mahatma Gandhi will also be erected in the Gandhi Van.

The city police have also proposed to erect traffic lights at the Sanskrit Pathasala Circle and other strategic areas. An attempt is being made to establish a data bank by computerisation of traffic records. So far, details regarding 22,268 vehicles have been computerised. The police have also started using parking tags in the city and 5,150 parking tags were used last year. An experiment to give convictions by post is being tried and 819 persons were able to pay fine by admitting their guilt through post.

Grateful Thanks

Sir, - The Jathra of Sri Lakshmikanthaswamy, the family God of the founder of the famous Kalale dynasty, Sri Kantaraja Wadayar, which had been stopped for last two years, was performed this year with great eclat on 17th March. On the same day in the night, the "Theradi" Utsava, which recalled to one's mind the Melkote Vairamudi Utsava, was conducted under proper police bundobust with all honours.

As in every year, the "Maday" Jatra of Sri Kaivalyadevi took place on 7th March to the great joy of a large number of devotees.

On behalf of the devotees, my grateful thanks are due to the Deputy Commissioner of Mysore District and Tahsildar of Nanjangud for the great interest taken by them for renewing the function and conducting it on a grand scale.

Make Mysore A Heritage City

British Architect's Suggestion

Mysore, April 2

Mr. Donald Insall, renowned Architect and Planning Consultant of London, has stressed the need for preserving the identity and individuality of buildings, especially old buildings, in Mysore, in order to maintain the city as a "Heritage City" of the State.

Mr. Insall visited Mysore on March 28 and 29, under the auspices of the British High Commission and the State Government. The purpose of his visit was to make a study of the old architectural buildings of the city and also to offer guidance and advice with regard to their preservation.

During his stay, he visited the temple and other buildings at Chamundi Hills, Lalitha Mahal, Palace, Cheluvamba Mansion, Oriental Research Institute and the 100-year-old wooden building belonging to Sri Krishnaswamy at Santhepet.

He also held discussions with Director of Archaeology Dr. M. S. Nagaraja Rao, Divisional Commissioner Jayakumar Anagol, Town Planning Authority Chairman Soundaramma Venkatesh and its members, and City Corporation Commissioner S.D. Syiem.

Delivering a lecture on "Architectural Conservation Contrasting Philosophies", Mr. Donald Insall said he was particularly impressed by the individuality and distinct identity of Mysore. He was fascinated by the number of trees that were growing and blooming here.

He suggested that the old country-tiled houses existing in the old Agraharas had a distinct identity of their own. The residents should not be in a hurry to replace them with modern ones.

KANNADA WRITERS "WHO'S WHO"

Mysore, April 3

Vice Chancellor K. S. Hegde yesterday suggested to the University Prasaranga to bring out theKannada works in English.

Releasing the fourth and fifth volumes of Kannada Bibliography, he said that knowledge available inKannada could not be restricted to Kannadigas alone. It should be made available to others also.

They should realise the fact that the rest of the world was anxious to know the great deal of knowledge that was being generated in Kannada, he said. He hoped that the Prasaranga would take seriously the task of this extension work and assured the necessary financial assistance.

Complementing the Prasaranga, the Vice-Chancellor said that its record of activities was impressive.

Welcoming the gathering, Director Dr. Prabhushankara regretted that the University administration was showing a step-motherly attitude towards the Prasaranga.

He announced that the famous book of Mr Will Durant, "The Story of Civilisation", would be published in Kannada The Prasaranga would also bring out a "Who's Who" of 1,000 modern Kannada writers and also a bibliography of children's books in Kannada, which were numbered about 3,000.

Astrological Forecast For New Year

Mysore, April 3

A close study of the planetary positions at the commencement of the Lunar New Year Siddharthi reveals that it would be a year of plenty leading to greater comfort than last year. There would be good rains and a bumper harvest; however, due to the creation of artificial scarcity, there would be no decline in prices. The political situation all over the world during the New Year will be characterised by indecision, ineptitude and effete. The people of India will continue to face further hardships and tribulations, declared Jyothisha Vidwan A. Narasimha Sastry, Founder of the Astrological Research Institute, while addressing the members of the Sarvabhasha Saraswathi Sangha.

The planetary cabinet for the year is presided over by Mercury (Budha), with Jupiter (Guru) as the Prime Minister while the Military Commandant's portfolio is held by Venus (Sukra). People in position are prone to be pleasure loving and lethargic. There is likelihood of Army Chiefs being hauled up for indiscipline. Labour unrest and strikes could be on the increase, making fantastically unreasonable demands which would only be partially met. Hindi is likely to be imposed on the South meeting with stiff resistence.

The Congress-I party would attempt to capture power by all means but may not succeed. There would be a clamour for mid term elections which however will not be held. The machinations of some foreign powers to subvert the Government of this country would intensify but are doomed to fail. There is likely to be great political unrest and upheavel in Kashmir with the possibility of its coming under President's Rule. Accidents will increase very much involving heavy loss of life. The present and the previous Prime Ministers of India have to be very careful during their journeys.

Spaaking of other countries, Sri Sastry predicted that the Tamils of Sri Lanka will intensify their agitation for a separate state with little success but they will get more concessions. West Asia peace would be found to be more and more of an illusion, and President Sadat's life itself may be in danger. War may break out in Cambodia and Vietnam will successfully resist the Chinese attack-China will better its relations with USA. The French Government is likely to fall, and there will be change of Government in Pakistan. Great havoc is likely to be caused to Iran and Greece by a terrible earthquake. Nearer home, Assam may experience a mild earth-quake, said Sri Sastry.

Prof. M. V. Jambunathan, President of the Sanga, welcomed the gathering. Sri R. Krishnaswamy proposed a vote thanks.

Bhutto Executed

PAKISTAN'S FORMER PRIME MINISTER Z. A. BHUTTO WAS HANGED EARLY THIS MORNING IN THE RAWALPINDI JAIL.

Radio Pakistan in its 11 a.m Urdu news bulletin confirmed the execution of Mr. Bhutto. Mr. Bhutto was hanged at 2 30 a.m. (IST) in the Rawalpindi Jail, it said.

His body was flown by a special plane to Sind where he was buried at 11 a.m. (IST) at a burial site between Naudero and Larkhana, home town of Bhutto.

Mr. Bhutto, who was 51 leaves a wife and a daughter, both under house arrest in Pakistan and two sons, both students in Britain. Both, Mr. Bhutto's wife, Begum Nusrat, and her daughter, Benazir, had their last meeting with Mr. Bhutto at his death cell yesterday.

Mr. Bhutto had been arrested 17 months ago on a charge of murdering a political opponent of his when he was in power, four years ago.

The execution took place with military precision. He went to the gallows at 2-30 a.m. (IST) under heavy police escort. It came out shortly afterwards and all traffic was stopped as the truck sped to a nearby airport. A special military aircraft then carried the body to Shukkur airport in Sind.

As soon as Lok Sabha assembled, Opposition members demanded obituary references to Mr. Bhutto.

Fine Piano Recital

Mysore, April 4

Lovers of classcical music were treated to a fine piano recital on last Sunday at the Mysore Palace. Miss Mona Golabek, a distinguished young pianist whose concert was sponsored by the U. S. International Communication Agency and the Mysore Music Association, delighted her audience with a programme of descriptive and evocative music by composers of the 19th and 20th centuries.

Beethoven's Waldstein Sonata also called "The Dawn", formed the piece de resistance; it was performed with great verve and skill, and even with an authority which is rare in so young a musician. "In Memoriam", a statement on the Vietnam war composed by one of Miss Golabek's fellow students, was quite a memorable composition, especially in the way the piano was used to reproduce the rumble and roar of distant artillery. Chopin's "Nocturne" was not played with the same lyrical quality as Tchaikovsky's "Song of the Lark". Four "Excursions" by Barber and variations on the theme of "Yankee Doodle" provided moments of lighter entertainment.-KMD

BERLIN TEAM DRAWS WITH CM's XI

Mysore, April 6

The exhibition football match between the Berlin Universities' Select XI and the Karnataka Chief Minister's XI ended in a goalless draw here yesterday

The visitors gave a poor show. Although the Chief Minister's XI put up a better performance, they could not beat Berlin Universities' custodion Floerke. Both the teams were introduced to Finance Minister S.M. Yahya, who was the chief guest, by MDFA Chairman K S Chandrashekar.

Enthralling Music

Mysore, April 6

Under the auspices of the Fine Arts College of the Mysore University, the first of the Sri Jayachamaraja Wodeyar music concert was arranged on last Sunday.

It was the performance of Smt. Parveeen Sultana, the sweet voiced musician of the north. People had thronged from all corners of the city inspite of lack of bus facilities. Parveen punctually started her music at the spacious Manasa Gangotri Open Air Theatre and "filled the vale profound" with her thrilling voice.

She started with Madhuvanti and followed it up with Misra Kapi, Misra Pilu, Malcose and some bhajans. She ended with Bhairavi. The ease and effortless grace with which she manipulated her voice in three Sthayis and in three tempos is something not only to be admired but imitated. Gangotri was overflowing with her charming music.

Excellent aid was provided by the other artists who played on harmonium and tabla. It is surprising that the South which is not so much trained to appreciate the music of the north, sits enthralled, lost in the sweet display of enchanting sounds -KTR

Sri Rama's Nativity

Mysore, April 11

Whenever Dharma or righteousness is on the decline and Adharma or unrighteousness is on the ascendency, God descends on the earth for the rehabilitation of Dharma. During king Dasaratha's reign, the Rakshasa or evil-doers caused great havoc and harassment to the sages, saints and honest folk. In response to the prayers of these afflicted persons, Lord Vishnu came to this world in the form of Sri Rama, Dasaratha's son to rid the world of these evil-doers and brought peace and prosperity to the law-abiding people, said Smt. Ram Bai J. Singh while speaking at the Sarvabhasna Saraswathi Sangha here recently.

King Dasaratha was not blessed with children and he was grealty grieved that he was denied one of the greatest pleasures of man, namely to listen to the lisping of his children and enjoying their childish pranks. On the advice of his preceptor Vasishta, he performed the Putra-kameshti Yaga and was blessed with four children of whomSriRama was the eldest. The birth of children in the royal household was no doubt an event of great joy and rejoicing throughout the kingdom, said Smt. Ram Bai.

Vol. XXIX MYSORE THURSDAY APRIL 12 -79 No. 199

Third Stage Water Supply Scheme

Mysore, April 12

The commissioning of the third stage water supply scheme on Sunday by Chief Minister Devaraj Urs would not improve the water supply position immediately thereafter. It would take at least about a month more after the inauguration and another scheme to improve the distribution system would be required to be implemented if the position had to really improve in all parts of the city.

This was the impression the pressmen got this morning at a news conference convened by City Corporation Commissioner S. D. Syiem and addressed by KUWDB Chief Engineer Nanjundaswamy.

The third stage water supply scheme implemented at a cost of Rs 572 lakhs provides for increasing the input to the system by 45.40 million litres a day from Hongalli, thereby stepping up the overall production from both Hongalli and Belgula to 90.92 M.L. a day. This is expected to take care of the requirements upto the year 1986, when the population is expected to reach five lakhs.

Two 1000 HP capacity electrically driven pumpsets capable of delivering 45 MLD of water per day have been set up at Hongalli A central storage reservoir of 54 ML capacity has been constructed at Manche Gowda Doddi, near Gokulam, the second biggest storage reservoir in the State.

The project also envisages provision of two more 140 HP deep well turbine pumpsets to deliver 49.94 ML of water, directly from the river during emergency period when the storage level in KRS get depleted.

It is also proposed to meter all the water service connections in the city. The scheme was programmed to be completed within five years, but it has been delayed by two years. With the implementation of the scheme, industries coming up in and around would also have assured supply.

To assure equitable distribution, the distribution system needs to be improved on zonal basis. Three zonal reservoirs with feeder and trunk mains will have to be developed for which plans and estimates have been got up amounting to Rs 670 lakhs. Another plan of Rs 850 lakhs has also been drawn up for improving underground drainage system These projects are designed to take care of the population of six lakhs by 2001 A.D.

FREEDOM OF RELIGION BILL

OM PRAKASH TYAGI, MP

The Freedom of Religion Bill is not against any religion, caste or group of people, rather it will defend all of them and I have made the same absolutely clear in the Objects of this Bill. This Bill penalises the conversions by inducement, deceit, fraud, force of allurement. If any group of people or community opposes such a fair Bill, then obviously it proves that they are guilty. This is true that no religion has supported the conversion by force, fraud, inducement, deceit or allurement. It is therefore very surprising tha thisBill is being opposed by some organisations. Following are the reasons which have prompted me to present this Bill before Lok Sabha : -

(1) Sixty per cent population in India lives below the subsistence level. Again amongst them such communities are found in large numbers, who are socially, economically and educationally backward. No one should be able to take undue advantage of their abject proverty and backwardness. To improve their lot, the Government of India have also provided in the National Constitution special economic concessions for Scheduled Castes and Scheduled Tribes; but there is no provision for safeguarding their religious and cultural framework. This Bill is necessary for this purpose.

2) The majority groups inIndia may not take the undue advantage of the weakness of the minority and thus may not force them to change their religion, therefore particularly for the protection of the minorities this Bill has been presented.

3) Foreign money and materials are being received in very large quantities by Foreign organisations and .they are specially working amongst the neglected communities and backward areas of India. The object of the Bill is to see that they may not succeed to exploit the helplessness of these poor people with the strength of the foreign money.

4) Forcible conversions are taking place in Hilly Areas This has become widely known through the findings of Niyogi and Negi Commissions. The Governments of MadhyaPradesh, Orissa and Arunachal Pradesh had to pass similar Acts, which were based on the reports of these Committees

Section 5 and 6 of this Bill has specially been provided for preventing any Government or Police Officer from taking undue advantage of the powers conferred on them and from thair harassing any religious missionary. In this manner the service oriented religious missionaries have been completely protected.

In substance, this Bill does not prohibit any person to propagate his religion or voluntary conversions, but it does prohibit the enforced conversions. The Supreme Court of India has also supported similar enactment when an identical Bill passed by the Orissa Government was challenged before it.

Janata Houses Neglected

Mysore, April 18

Over 130 students of the local National Institute of Engineering participated in a one-day social service camp held at Sriramapura village, about three miles from here, on Sunday last and helped the villagers in the construction of two janata houses and repaired some 200 feet of rural roads which had become unusable for long. Besides, they administered medicare to about 25 children suffering from various skin and other diseases.

The camp was organised under the joint auspices of the N.S.S. and N C.C. units of the college, headed by R S Tadkod and S N. Karnik, Lt. Col Krishnamurthy, Officer-Commanding, N C. C. Engineering Division, visited the camp and expressed his appreciation of the services rendered by the volunteers.

The participants in the camp regretted that most of the janata houses in the village were half constructed and uninhabitable, and even the walls had not been raised to the required heights let alone the roofs The construction quality and the materials used for the work were poor and most of the walls were giving way. The villagers are reported to have complained that they had not received any financial assistance for the completion of these houses for two years now and some of them doubted whether the moneys they should have received had been appropriated by middlemen. They were also sore that the officers and officials in charge of Block Development who seemed to show interest in the students' work and promised to visit the camp never turned up.

A cursory survey made by the team revealed that while children in the village had been generally vaccinated, the health authorities had not bothered to immunise them from other infant diseases However, the District Health Officer had promised help in this regard before long

'Tipu Sultan' Canal Suggested

Mysore, April 13

Sri K. Harsha Kumar, Secretary of the State Yuva Janata, has suggested that the Varuna Canal should be named after Tipu Sultan.

In a statement today, he said the proposal made by some Congress (I) leaders to name the canal in honour of Chief Minister Devaraj Urs was "ridiculous". According to an inscription dated 1794 Tipu had laid the foundation stone for the construction of a dam across the Cauvery at the present K.R. Corporation Elections In June

Mysore, April 16

The election to the Mysore City Corporation would be held in June-July along with elections for other corporations in the State, Municipal Administration Minister H.C. Srikantiah said yesterday.

Presiding over the inauguration of the third stage water supply scheme, he said that elections to muncipalities would be held in May-end and there was no question of the elections being postponed.

He requested the Chief Minister, who inaugurated the scheme, to supply power for maintaining water supply systems at concessional rates as it was done for operating pumpsets. He also suggested that the maintenance of the water supply should be handed over to the Karnataka Urban Water Supply and Drainage Board.

Board Chairman S. V. Agnihotri urged the Chief Minister to sanction the fourth stage water supply scheme already submitted to the Government. Sericulture Minister K. B. Shivaiah spoke.

The Chief Minister also distributed tittle deeds to slum dwellers for whom 88 new houses had been constructed by the City Corporation. He also switched on the Palace lights, which would be illuminated on every Sunday and other public holidays. Sri Urs made an impassioned appeal to the people of the city to preserve the beauty of Mysore

WATER RATES TO GO UP IN CITY

Mysore, April 16

The notification calling for objections from the public for increasing the water rates in the city would be announced shortly, Corporation Administrator Jayakumar Anagol said yesterday.

Welcoming the gathering at the inauguration of the third stage water supply scheme, he said with the completion of the third stage the maintenance cost would go up to Rs 1.10 crores, as against Rs 57 lakhs in the previous year. Hence, there was no alternative except to increase the rates.

Chief Minister Devaraj Urs, who inaugurated the Rs 572-lakh scheme, said it was inevitable that the public had to shoulder some additional burden. When they were spending huge sums on providing and improving civic amenities the public too should cooperate by bearing at least some burden.

Land Act In Force

Mysore, April 16

The Urban Land Ceiling Act had come into force in the State from April 1, Chief-Minister DevarajUrs disclosed on Saturday.

Laying the foundation-stone for Mahadevapura, Gangotri and Jayanagar housing schemes of the City Improvement Trust Board, he said under the Act the maximum compensation payable for a square metre of land was Rs 10 and in cities like Mysore, it was Rs 5 per square metre. The total amount to be paid as compensation should not exceed Rs 2 lakhs irrespective of the size of the land acquired.

Sri Urs asked the Revenue authorities to complete the assessment of land available under the Urban land Ceiling Act in the city within two months.

The Chief Minister strongly criticised payment of increasing percentage over the estimated cost to the contractors by the Trust Board. He would not allow any extra rate to be given to the contractors over and above the estimated cost, he categorically said.

The Boards should understand their objectives and if they went on paying fat percentage to contractors and increase the cose of the houses, where was the need to have such oaranisations, he said.

He said he would take a challenge that these houses could be constructed at a rate even below the estimated cost. "If theTrust Boards cannot do this, let them leave it to me. I will put my own officers and meet the challenge", Sri Urs said.

The Chief Minister said the Government had decided to introduce a legislation to curb construction of posh houses. Those who wanted to construct a house beyond a particular size would be taxed, he said and asked the MunicipalAdministrationMinister to work out the details for introducing the legislation in the next Assembly session.

Municipal Administration Minister H.C. Srikantiah presided. Welcoming the gathering CITB Chairman D. Lingiah said nearly 150C houses would be constructed in the three extensions.

The Board also proposed to have HUDCO housing projects at Nachanahalli, Dhadaganahalli, Vijayanagara and Yedaganahalli layouts. Sri Venkatesh' a member of the Board, proposed a vote of thanks.

Universal Love

BY DR. S. I. DEAN

The Message of Krishna, Buddha, Christ or Muhammad is the message of love. All God's Messengers have brought the message of love. None has ever taught that war and hatred are good. And everyone agrees in saying that love and kindness are best. But love manifests its reality in deeds, not only in words - for words alone are without effect. In order that love may reveal its power there must be an object, an instrument, a motive.

There are many ways of expressing the love principle; there is love for the family, for the country, for the race, there is political enthusiasm, there is also the love of community. These are all ways and means of showing the power of love. Without any such means, love would be unseen, unheard, unfelt - altogether unexpressed. Water shows its power in various ways, in quenching thirst, causing seed to grow, and so forth; while one of the powers of electricity is shown in the electric light. If there were no electricity, the nights of the world would be dark. So, it is necessary to have an instrument, a motive for love's manifestation, an object, a manner of expression.

Love is unlimited, boundless, infinite! Material things are limited, bounded, finite. One cannot adequately express infinite love by limited means. The perfect love needs an unselfish instrument, absolutely freed from bonds of every kind! The love of family is limited; the tie of blood relationship is not the strongest bond. Frequently members of the same family disagree, and even hate each other. Patriotic love is finite; the love one's country causing hatred of all others is not perfect love. The citizens also are not free from quarrels among themselves. The love of race is limited, for even people of the same race often dislike each other. Political love, also is much bound up with hatred of one party for another; this love is very limited and uncertain. The love of community is likewise changeable. All these ties of love are imperfect. It is clear that limited material ties are insufficient to adequately express the universal love.

The great unselfish love for humanity - as taught by all of God's Messengers - is bonuded by none of these imperfect, somewhat selfish bonds. This is the one perfect love, possible to all mankind, and it can only be achieved by the power of the Divine Spirit. No worldly power can accomplish the universal love. Man should not let his heart be bounded by the material things of the world; he should not lie content upon his bed of negligence, a prisoner of matter, rather than freed from its chains. The animal cannot escape the law of nature, whereas man may control it, for he, containing nature, can rise above it.

The power of the Holy Spirit, enlightening man's intelligence, has enabled him to discover means of bending many natural laws to his will. He flies through the air, floats on the sea, and even moves under the waters. All this proves how man's intelligence has allowed him to be free from the limitations of nature, and to solve many of her mysteries. Man to a certain degree, has broken the chains of matter. The Holy Spirit will give to man greater powers than these. If only he will strive after the things of the spirit and try to tune his heart to the Divine infinite love. Wherever you find the attributes of God love that person, whether he be of your family or another. Shed the light of a boundless love on every human being whom you meet, whether of your country, your race, your political party, or of any other nation. color or shade of political opinion. God will support all effort towards this in-gathering of the scattered peoples of the world beneath the shadow of the great tent of unit. All humanity! Every human being! Each person! All are equal in the sight of God, and it is His command to "Love One Another".

Every subject presented to a thoughtful audience must be supported by rational proofs and logical arguments. Proofs are of four kinds: first, through sense-perception; second, through the reasoning faculty; third, from traditional or scriptural authority: fourth, through the medium of inspiration. That is to say, there are four standards of judgment by which the human mind reaches its conclusions. The measure of the senses is the standard held by the materialistic philosophers of the world. They believe that what the senses report is a truth, a certainty, and real. For example, they say, "this is a man you see that he is a man: therefore he exists". But this proof is not reliable because it is imperfect. For the eyes see the mirage as water and images in the mirror as real rather than reflections. To the eye the earth appears fixed while the sun revolves about it. Therefore this standard is unreliable.

Each of the four standards of judgment by which the human mind reaches its conclusions is faulty and inaccurate.

The Baha'i Faith declares that love is the cause of the existance of all things and that the absence of love is the case of separation or non-existence. Love is the conscious bounty of God, the binding connection in all things.

Among the signs of God's love which appear in the World are His Holy Messengers. Infinite love is reflected by these divine Manifestations towards mankind. For the sake of guiding the people They have willingly suffered and died. To assist human souls to advance They have accepted trials and difficulties. His Holiness Jesus Christ was crucified for the love of mankind. His Holiness Muhmmad suffered severely for the love of mankind. His Holiness the Bab offered His breast to hundreds of bullets for the love of mankind; and His Holiness Baha'u'lla willingly accepted forty years of severe imprisonment for love of humanity. Consider the great degree of such love! It has been the same with all the prophets of God. Observe how rarely human souls sacrifice their pleasure or comforts for others! How effective is spiritual love. And the source of spiritual love for today is Baha'u'llah!

THE NEW YEAR — 136th Year of Baha'u'llah's Proclamation - will be celebrated tomorrow at 6 30 p. m. at the Baha'i Centre, 4738, N. R. Mohalla, Mysore. All are welcome to join in the celebrations.

3 Swamijis Back Religion Bill

Mysore, April 24

Three Swamijis, the Swamijis of Suttur and Parakala Mutt and the Swamiji of Ganapathi Sachchidananda Ashram, today strongly supported the Freedom of Religion Bill seeking to ban the forcible conversion of people.

At a common platform in the Ashram the Swamijis expressed concern over the fast deplection of the population of Hindus with a corresponding increase in the population of others. They noted that on one side there was family planning and on the other was the opposition to it by some Christians. In the guise of uplifting Hindus and tribal systematic conversion was being done by the Christian missions.

While welcoming the family planning measures, the Swamijis pointed out that the population of the Hindus was also on the decline. Under these circumstances all the matadhipathis, sadhus and saints through their disciples welcomed the Bill.

The Swamijis also deplored the practice of exploiting poverty for purposes of conversion by tempting the poor with food. Swami Ganapathi Sachchidananda said during his recent visit to Spain and Paris he brought to the notice of the Christian authorities, the reported practice in some Indian convents of encouraging Christian culture to the exclusion of other cultures.

They said the Government had taken over lands of Hindu mutts leaving the property of other religions on the plea of minorities. The Swamijis also suppo t- to the hunger-strike undertaken by Acharya Vinotha Bhave urging for a total ban on cow slaughter.

HAS URS THROWN HIS DICE ?

(From Our Correspondent)

Open reference to Sri Sanjay Gandhi on the opening day of two day session AICC in New Delhi on Saturday was not mere a flash in the pan.

The political air in the country has been thick with the growing colleagues between the Karnataka Chief Minister and Smt. Gandhi although Sri Urs has been denyeing the reports of such differences between them, it was quite patent to the shrevd political observers that both the leaders had not been seeing eye to eye.

It must be said in fairness to Sri Urs that even from the dark days of Emergency that a while even the so called top leaders of Congress did not feel hesitant to crawl before Sri Sanjay Gandhi, Sri Urs was not that warm to Sri Gandhi. I do not wish to say he was totaly cool to Sri Gandhi, for such a posture would have left him in the lurch and political wildnerness during the Emergency. This was exploited to their maximum extend by a some cabinet colleagues of Sri Urs. Even a far junior who rose up to the Cabinet level, thanks to the intervention of the then Congress Deity, Sri Gandhi had been dreaming of becoming Karnataka's Chief Minister. His political manoenvres would have succeeded, but for Smt. Gandhi's wrong calculations in ordering general elections. The subsequent events are too well known.

Althongh significant developments have take place in theNational Political arena, Sri Urs loyalty as such to the leadership had not changed. The significant role played by Sri Urs during recent Chickmagalur election is still fresh in our memory. But what has taken them farther is the calculated attempts made by Smt. Gandhi, and supported by a section of congressmen to revive the badly shaken image by her son and to Resurrect him on the National scene.

Sri Urs' and burst at the AICC session was only a a natural release of pent up feelings. It was not surprising that he should have earned the displosure of the party goddess.

Does in mean this week AICC session paves way for the parting of to leaders ?

If sh when with happen to the leaderspip of Sri Is he capable of maintaing his leadership, mines the at blessings of Smt. Gandhi ?

Only time can provide answers.

★ Sri JayaprakashNarayan had a good breakfast this morning. He splet well last night.

Mysore, April 30

Temples Of South India

Mysore, May 3

In the Vedic age, people worshipped Nature as Gods, as Indra, Surya, Varuna, Agni, etc. It was only during the Puranic age, the worship of deities with definite forms came into vogue. Though there were some cave temples in the Budhistic period, it was during Mahendra Varman's time that rock-cut caves were first constructed in South India. The earliest structural temple was the Kailasanath Temple at Kanchi, said Sri Madhava N. Katti, Deputy Superintending Epigraphist, Government of India, while speaking at the Sarvabhasha Saraswathi Sangha here recently.

The Virupaksha temple at Pattadkal and the rock-cut temple at Ellora are fashioned after the Kailasanath temple, he said. Prof. M. V. Jambunathan welcomed the gathering. Prof G. Sithramiah proposed a vote of thanks.

Kannada Stage Neglected

—Sriranga

Mysore, May 7

While the mere possession of a censor certificate was enough to get a subsidy of Rs one lakh from the Government, good and effective Kannada plays would not receive even Rs 100 as an incentive, noted Kannada playwright Sriranga regretted here yesterday.

A felicitation committee of dramatists honouredSriranga, who is also known by the pen-name AdyaRangacharya, at theMaharaja's College Centenary Hall, under the chairmanship of Prof. R. Gururaja Rao.

Replying to the felicitations, Sriranga said there was a mistaken notion that dramas were not an effective means to reach the audience.

However, the situation in western countries was otherwise. Dramas and playwrights received all encouragement and support there, he said.

Sri M. Shankar, former Director of AIR, recalled his association with Sriranga since 1950 He had written about 70 books, including four in English, he said

Prof. Gururaja Rao said Sriranga was a great playwright like Bernard Shah His plays exposed the society and provoked thinking in the minds of the spectators. Dr S. Ananthamurthy welcomed the gathering Sri T. Jayaram proposed a vote of thanks.

Good Gesture

The decision of the Indian Banks' Association to advise its member Banks not to dishonour cheques for discrepencies in the amounts expressed in words and figures has come as a great relief not only to the parties who issue cheques but also to the parties in whose favour they are drawn.

Recently a cheque sent by me for a petty amount in favour of L.I.C of India, Mysore, was dishonoured on similar grounds though there was sound balance in the bank account. I am extremely happy the I.B.A. has been able to see to reasoning and appreciate the realistic part and has finally taken a wise decision though belated.

I personally feel similar concessions can be extended even in respect of other minor lapses, such as cheques being wrongly dated by oversight and which are not at all done deliberately. Banks should honour these cheques also if they are otherwise satisfied about their correctness It does not matter even if it involves a little delay in clearance. Banks, I am sure, have easy access to all account holders and there should not be any difficulty to help the account holders in this regard.

SN Opposes More Varsities

Mysore, May 15

Janata Party leader S. Nijalingappa yesterday strongly opposed starting of new universities in the State and suggested diversion of the funds meant for these new universities for providing free primary and secondary education to all children.

Unveiling the portraits of late S Channiah and late K. Puttaswamy at the Vidyavardhaka College of Law and Business Management, Sri Nijalingappa said that there were too many colleges already and the starting of new universities would only add to the serious problem of unemployment. The crores of rupees spent on these new universities would be a waste.

Instead of producing graduates who remained unemployed, the amounts proposed for these new universities should be utilised for providing free education to children, particularly the poor in the villages. More attention should be paid for starting job-oriented courses This should be done if necessary even by closing down a few universities, he said.

Sri Nijalingappa expressed his grave concern over rampant corruption in all walks of life in the society. No Government could function effectively unless corruption was rooted out. On the other hand, corruption was becoming a part of life and this was because the Governments were not punishing those who were corrupt, he said.

He suggested to lawyers to devote some time every day to educate the public on their rights and responsibilities He paid rich tributes to Sri Channiah and Sri Puttaswamy.

Sri G. Narayana, former Kannada Sahitya Parishat President released the magazine Dr H L. Thimme Gowda presided. College Principal P.M. Chikka Boriah welcomed the gathering Sri Shabir Ahmed read the messages.

READERS' FORUM

Kudos To Government

Sir,- Family pension scheme was hitherto applicable to Central Government servants who had put in not less then one year's continuons service. I understand that it has since been decided to do away with this one year's service condition provided the Government servant had been medically examined and found fit for appointment to Government service.

This is another instance which clearly establishes beyond doubt that the Government is very keen in improving the service conditions of its staff as best as they can.

From this angle I personally feel that the Government servants on their part should also reciprocate this fine gesture and work with dedication and devotion

This is another good step taken by the Government in improving the Family Pension Scheme for which the entire credit goes to the then Finance Minister late T.T. Krishnamachari

Major Political Changes Soon In State

—M. S. GURUPADASWAMY

Mysore, May 16

There would be great political instability in Karnataka in the course of next few months, predicted Sri M. S. Gurupadaswamy, member of the Janata Party National Executive Committee, today.

Addressing a press conference, he said that the Congress (I) would not be the same Congress (I) in the State, forces of Congress (I) President Indira Gandhi and Chief Minister Devaraj Urs each contending for domination inKarnataka politics.

Sri Urs and Smt. Gandhi would not function again together either at the State level or national level. It was very clear that they had fallen out, he said.

The Janata Party leader felt that Sri U - was perhaps trying to stage a coup inside his own party on the lines of Sri Sharad Pawar of Maharashtra. He might like to become the Sharad Pawar of Karnataka. But the big question mark was whether he would succeed in this coup. As a consequence of this coup, he might have to resign.

Referring to the overtures of Sri Urs with the Janata Party, Sri Gurupadaswamy said it was his personal view that the Janata Party should not support Sri Urs in this game. This view of his was shared by a overwhelming majority of his partymen.

Giving reasons for this stand, he said Sri Urs could not be trusted politically He had all the characteristics of Smt. Gandhi. They had been brought up more or less in the same school of thought he said

Vol.XXIX MYSORE FRIDAY MAY 18 1979 No. 230

MYSORE CITY TO FIGURE ON B-G MAP

(From Our Correspondent)

Bangalore, May 18

The 98-year-old Bangalore-Mysore metre gauge railway line will have a new look from Saturday evening when Railway Minister Madhu Dandavathe will inaugurate the conversion of the line.

The conversion of the 138.25-km length line costing Rs 13.82 crores is expected to be completed in 36 months.

Bangalore, the capital of Karnataka, has made enormous progress in scientific and industrial growth during the last three decades. Year by year, it is attracting a large number of industrialists who are anxious to start new projects and industries.

Concentration of industries in and around Bangalore has been alarming. Rapid growth of industries has been causing strain on resources like power, water supply and housing.

This situation aroused attention of the State Government as well as the Centre to decentralise the location of industries and find suitable alternative location of industries.

It was in this context the Bangalore-Mysore broad gauge line was thought of. By decentralising industries and dispersing them further towards Mysore not only congestion around Bangalore is eased out, but also large unexpected potential of area on Bangalore-Mysore section can be harnessed.

Development of industries towards Mysore has not been very encouraging in view of inadequate rail transport system, and inevitable broad metre gauge transhipment bottleneck

Union Government in general and Railway Ministry in particular have been aware of the demands of the people of Karnataka. In due consideration of difficulties faced by industrie and trade, the conversion of this new line has been sanctioned. The existing metre gauge was constructed during 1881 82.

It is a happy augury that the State Government have come forward to share efforts on this project by rendering assistance in all possible ways viz. land and supply of wooden sleepers free of cost.

There will be 163 curves. 343 miner and 34 major bridges, two junctions, 15 crossing stations and five halts on the new line. Furring time will be two hours,

Bangalore-Mysore broad gauge line in addition to giving fillip to the economic, commercial and industrial growth will put Mysore City on broad gauge line map of India. The conversion will also add to the national integration of the people of Karnataka with other States.
